## STATISTICAL SUMMARY

OF

MERCHANT VESSELS OF 100 TONS AND UPWARDS

TOTALLY LOST, BROKEN UP, &c.,

(INCLUDING WAR LOSSES)

DURING THE YEAR

# 1945.

NOTE:—This Summary, which is based upon the quarterly returns of total losses, &c., includes vessels which had not been given up as total losses, or of the loss of which information had not been received, when the returns for the quarters in which they respectively occurred were compiled. Particulars of all such additions to the quarterly returns are given on pages 7 to 9.

A distinguishing feature of the Wreck Returns published by Lloyd's Register is that, except as stated in the footnotes to Table No. 1, they are compiled strictly according to the dates at which the casualties resulting in total loss actually *occurred*, and not according to the dates at which *reports* of casualties were *received*.

15, ABchurch STREET, LONDON, E.C.3.

*February, 1947.*
